

The Island of Cedar Cove Association

Residents who wish to store their boat, 25' or less, or trailer for those boats, or watercraft on the island are asked to complete the form below.

All trailers without a boat should be removed by October 30. Designated space on the island is provided for the storage of covered boats and watercraft on trailers only during the winter months and/or trailers in the summer months. Please store your boats neatly in the reserved area – boats on the bay side and personal watercraft on the slip side. Remember to put your name on the boat or watercraft trailer.

Boats, watercraft or their paraphernalia do not ever belong on the bank. The bank is soft and subject to erosion, particularly from foot traffic. Anyone who has personal property on the bank area should remove it. The bank is not to be used to launch boats or watercraft at any time. Docking should be against the stone wall.

A fee for all boats or watercraft on a trailer is required for island improvements, and should accompany this form. Fee does not apply to rack stored canoes or john boats. Please make checks payable to Cedar Cove Association.

Thank you for your cooperation. _____ \$40.00 per year (due Nov. 1)

The Cedar Cove Association Board

Name: _____

Address: _____

Phone/email: _____

Description of trailer and make: _____
